WHAT ARE YOU WAITING FOR?
 Join today!

I've been facing intense challenges to my book since 2021. Knowing that I'm not alone in the fight against censorship is what keeps my spirits up!

Watching the folks in AABB share info, co-write legislation, show up to library & school board meetings, & speak up to publishers about the need to protect books & authors has been amazing!

A coalition of writers, illustrators, editors & other book creators, standing united against the unconstitutional movement to limit the freedom to read. We support the availability of diverse voices in our libraries, in our schools, & in our culture. We pledge to band together against the oppression of literature, to speak when our voices are silenced, to go where our bodies are needed, & to fight to ensure this freedom. Our concern is not only for the books, but for the children, families, educators, librarians, & communities who suffer when the freedom to read is challenged and taken away.

WHAT IS AABB?

Even if all you do is sign up, your membership will help lend weight to the letters AABB sends to publishers & legislators. As of January 2025, AABB has 3500+ members. Check out the recent open letter to our publishers on AABB's socials & feel free to share it with your contacts.
