

There are many ways to help the people of Palestine and Gaza. The focus is on action, education, and calling for a ceasefire from an uncaring government.

That isn't the end of liberating Palestine, but it is a start.

In this zine, you'll find numbers to call your representatives, local actions, organizations, and events, educational resources, and businesses to boycott.

Consumer boycott targets: 	Divestment targets:
Pressure (NON-BOYCOTT) targets: 	Organic boycott targets:

Under the decades long genocidal regime of Israel, the people of Palestine and Gaza suffer. They die. They face annihilation at the hands of their oppressor. Israel destroys entire bloodlines, their homes, their history, and attempts to destroy their spirit.

.....

It may seem like there is nothing you can do. It may seem hopeless. It may seem like it has nothing to do with you.

.....

Rushing past suffering does not make it disappear.
